SPC-12S4	12"	4Ω	200W - 600W (400W Ideal)	20 - 250 Hz	87.3024	9 mm	3.94 in	0.0619 cu ft	1.2 - 2.0 (1.4 Ideal)	0.8 - 1.7 (1.25 Ideal)

AudioControl has been helping people make good sound great in their cars for over 45 years, and the Space Series Subwoofers are no exception. The fiber matrix injection molded polypropylene cone ensures that every note is reproduced to perfection, so you can feel the bass hit. The 3-layer high temp voice coil former means they can handle even the most intense bass without breaking a sweat. And don't worry about distortion ruining your jams - these subwoofers feature an optimal thermal efficiency design to ensure that your bass stays clean and clear. Not only do these subwoofers sound amazing, they're also built tough. With their weather-resistant design and removable grille you can enjoy your music even if your vehicle likes to play off-road.
